Visas

Before arrival, it is essential to know your visa requirements to enter, travel and study in Germany. There may be many requirements to fulfill depending on your country of origin and it may take up to three months after submission to receive an answer, with no possibility to expedite the process. There's no shortage of students applying for visas, so it is vital to book your appointment well in advance.

You will not need a visa if you are:

- A citizen of the EU/EEA/EFTA countries
- A partner or child of an EU/EEA/EFTA national, but only if you are traveling together
- You will not need a visa for short-term stays (up to 90 days) if you are a holder of a diplomatic or special passport from Chad, Ghana, Philippines, Thailand or Turkey
- You will not need a visa for short-term stays (up to 90 days) if you are a holder of a diplomatic passport from Albania, Algeria, Bosnia and Herzegovina, Georgia, India, Jamaica, Kenya, Macedonia, Malawi, Moldova, Montenegro, Morocco, Namibia, Pakistan, Peru, Russian Federation, Serbia, South Africa, Tunisia, Ukraine or United Arab Emirates
- You will not need a visa for short-term stays (up to 90 days) and may be eligible to apply for a residence permit directly in Germany (those marked with *), if you are a citizen of one of the following countries:
Albania, Chile, Malaysia, San Marino, Antigua and Barbuda, Costa Rica, Mauritius, Serbia, Argentina, El Salvador, Macedonia, Seychelles, Australia*, Guatemala, Mexico, Singapore, Bahamas, Honduras, Monaco, St. Kitts and Nevis, Barbados, Hong Kong (SAR passports), Montenegro, Taiwan (only passports with an ID number), Bosnia and Herzegovina (only biometric passports), Israel*, Nicaragua, U.S.A.*, Brazil, Japan*, New Zealand*, Uruguay, Brunei, South Korea*, Panama, Vatican City, Canada*, Macao (RAE only), Paraguay and Venezuela.

All other nationalities will need to apply for a visa.

Note that the requirements for obtaining visas might change. Contact your local German embassy to ensure you have the most up-to-date list of requirements.

Required documents:

- Two completed visa application forms in German with all the required photos and signatures
- Health insurance covering at least the first 90 days of your stay. Once you move to Germany, you will need to register with a German insurance provider
- Passport and photocopies
- Motivation letter and CV
- Evidence of previous academic performance/degree certificates
- EU Business School acceptance letter
- English level certificate (IELTS/TOEFL/CAE)
- Students must prove they have at least €11,208 per year at their disposal. There are three options:

1. Deposit a security payment into a blocked account;
2. A resident in Germany provides the Munich Foreigners Office with a guarantee letter to cover your expenses;
3. Scholarship confirmation of at least €720 per month from a certified institution.

It is strongly recommended that you complete all documents accurately and provide translations for all documents that are in any language other than German.

The requirements for obtaining visas may change, therefore, we recommend that you contact your local German embassy or consulate general to have the most up-to-date list of requirements.

Please note:

Each visa application is reviewed individually, therefore the requested documents may vary. Each embassy reserves the right to ask for additional documents at any time. The submission of the above documents does not guarantee the issue of a visa. Submission of an incomplete set of documents will lead to a refusal of your visa application. Once a visa has been issued, the purpose of the trip may not be altered. There is no such thing as an urgent or express visa.

Living in Munich

As one of the fastest growing cities in Europe and a magnet for thousands of jobseekers and people pursuing further education, accommodation in Munich is highly sought after. Therefore, we encourage you to begin your housing search while waiting for your final enrollment documents.

We believe that a comfortable and inspirational living environment is an important part of any educational experience. This section gives you an overview of the accommodation options available to you. Along with the support of EU's Accommodation Office, you will be able to find the perfect place to call home in no time.

Student dorms

Living in student dorms provides for a culturally diverse experience; it allows you to meet new people and gives you a structured living environment. A studio in a student dorm is one of the most sought after accommodation options for international students in Munich. This type of accommodation is welcoming and ensures you always have someone to talk to.

EU Munich has secured a limited number of student dorm placements with our residential partners. The dorms are located in different districts, each easily within reach of the EU campus via a direct line of public transport. Aside from this, there are also many privately run student dorms in Munich that offer exceptional service.

If you are planning to arrive at the beginning of the fall semester (October), we recommend that you send your accommodation application to a wide range of residences at least three months prior to your expected arrival date, as thousands of German and international students arrive in Munich during fall to commence their studies.

Apply for a place in our partner residences immediately after enrollment by contacting our accommodation officer. Placements are limited.

Private apartments

Having your own apartment will appeal to you if you enjoy the quiet, like to be alone and don't want to compromise on personal space. You can choose to get an apartment anywhere in the city without limiting yourself to student dorm availability or location. This type of accommodation is ideal for independent people.

For more information about how to find your own flat, please contact our accommodation officer at: accommodation@eumunich.com

Apartment-sharing

Sharing an apartment is a popular concept in Germany and a lot cheaper than living on your own. Shared housing is a flexible option and with international roommates, you will be able to learn other languages but you must be willing to compromise.

If you are interested in this option, we highly recommend you arrive in Munich before you begin your studies in order to meet potential housemates and landlords personally. For more information about how to find a shared apartment, please contact our accommodation officer.

Planning your budget

When you are studying, it is very important to have a budget. You will need to have an idea of what you are able to spend on rent, travel and leisure. You should plan for a monthly living expenditure of about €1,200. For accommodation expenses, you should budget around €600–800 per month to live in student dorms, €1,000 or more to live alone and €700–800 for shared accommodation. The remainder will be for basic necessities and leisure.

For more information on student dorms, private apartments and apartment sharing, please email our accommodation officer at: accommodation@eumunich.com
