### **EU BUSINESS SCHOOL MUNICH AND UNIVERSITY OF ROEHAMPTON PARTNERSHIP APPROVED BY BAVARIAN MINISTRY**

EU Business School (EU) Munich Campus is proud to announce that its partnership with the University of Roehampton in London has been officially approved by the Bavarian State Ministry for Education, Science and Art.

Under this new program, EU Business School students will be able to earn a state-recognized BSc (Hons) in International Business from the University of Roehampton with a Certificate of Specialization in their major from EU Business School at the undergraduate level, and a state-recognized MSc in International Management or Master of Business Administration from the University of Roehampton with a Certificate of Advanced Studies in their major from EU at the graduate level. The BSc program lasts six semesters over three years, and both the MSc and MBA programs are three terms long, studied over one year.

This collaboration comes just a few months after the Bavarian Ministry approved a cooperation between EU Business School and the University of Derby, located in the north of the U.K., which allows students to complete a top-up program and earn a B.A. (Hons) International Business from the University of Derby, in addition to their EU Certificate of Specialization in their chosen major.

“We are very excited about our new partnerships and we have been working very closely with our colleagues from those institutions,” says Academic Dean of the EU Business School Munich Campus, Dr. Begoña González Otero. “We have had lengthy theoretical discussions, exchanges to align our styles and training sessions during which we have learned from each other and enriched our faculty members with new knowledge.”

EU Business School has partnerships all over the world and strongly believes that cooperation in education is a great way to help students exchange ideas, gain exposure to new concepts and earn important international experience.
